Fire Marshall / Warden Training Course

Fire Marshal / Warden Training Course

Everyone in the workplace plays a vital part in fire safety, but some individuals also have an official responsibility as Fire Wardens or 'competent persons'

This course is all about helping fire wardens to perform their role effectively, and keeping themselves and their workplace safe.

Having completed this course, learners will be able to:

- Show awareness of common facts and figures about fire and its effects
- Demonstrate a detailed understanding of how fire starts and spreads
- Explain briefly what the law says about fire safety responsibilities
- Spot common fire hazards and know what can be done to reduce fire risks
- Identify common types of fire extinguisher and how they work
- Demonstrate a clear understanding of fire warden responsibilities, including actions in the event of fire
- Carry out routine checks and reporting on fire protection measures in the workplace

Course Content:

- Introduction to fire warden training
- The fire warden role in the event of fire
- Fire facts and figures
- Causes of fire
- Systems for detecting fires
- Introduction to legislation
- Evacuation procedures
- Types of fire extinguishers
- Fire protection
- Assessment

Course Duration:

1 Day (6 Hours)

Target Audience

This course is for people at work in businesses of all types and sizes who carry out the role of fire warden. It aims to provide them with a clear understanding of their own role and responsibilities for fire safety in the workplace.
