Qualitative Face Fit Train the Trainer

Boss Training provide a qualitative face fitting train the trainer service for your employees.

If you provide respiratory protective equipment (RPE) to your employees then it is essential that you have documentary evidence to show the RPE fits the wearer.

By subjecting each of your employees to a face-fit test you can be sure that your organisation is fulfilling the requirements laid out in the Health & Safety Executive's (HSE) guidance note HSE 282/28 and the statutory duties placed upon you under regulations such as the COSHH Regulations 2002.

Our Fit Test Operator Training Consultants have a wealth of practical experience of face fit testing which really makes a difference to the quality of our Qualitative Face Fit Tester Training courses we offer. We are able to provide practical guidance and advice on most makes and models of mask from FFP1, FFP2 & FFP3 disposable masks through to P1, P2 & P3 Half Masks.

- **On Site Course**
- **Delivery Method:** Classroom
- **Maximum Class Size:** 12
